

# BISHOP NOAH MUZEYA 13 JULY 2014

## JESUS IS THE HEALER

### Psalm 103:3-7

## (ANOINTING AND HEALING SERVICE)

---

There are many different kinds of healers people are seeking for today in order to get help and solution; for example medical doctors, witchdoctors etc. In all these things the emphasis is on the highest healer of all and that is Jesus Christ. He understands all your situations and heals all manner of diseases. Not some but all. Whenever you have need for a solution Jesus is the answer. He is the Creator and knows every intricate detail concerning you.

Doctors treat sicknesses but Jesus comes to heal. Man has a limit. There is a point where man fails but Jesus comes and asks who can forgive all your sins? Who can heal all your diseases? Who can redeem your life from destruction? Who can crown you with loving-kindness and tender mercies? Who can satisfy you? (Psalm 103:3-7). Only Jesus can do that. Only Jesus is the healer. Only Jesus can satisfy you. Only Jesus can lift you up from the miry clay. Only Jesus can make a way for you. No one else but Jesus. If it was not for Jesus I would not be here or be standing here today.

Jesus is the healer. He will make you walk even when your blood level is low. Others have died as a result of diabetes and high blood pressure but you are still here today because the Lord is sustaining you. Be it a case of food poisoning and other dreadful ailments, you are still here today and you did not die. You are here today because the Lord wants to accomplish something in you. Your destiny awaits you. If He healed and protected me, the same Jesus remains a healer and will heal you today. Praise Him for you are still here today.

Jesus is a healer, doubt Him not. Who can heal you this morning? Who can lift you up from the pit? Who can satisfy your desires? It is only Jesus.

### **DISEASES DEFINITION:**

1. It is a medical condition in a human being or in plants that results in pathological symptoms.
2. It is a spiritual condition in a human being or in the society that results in pathological symptoms. Since it is a spiritual matter when you go to the doctor and they examine you by means of medical tests or x-rays they tell you 'we cannot see

anything wrong' while you are in so much pain and agony. These are spiritual matters.

There is a serious problem in the society and among people. Any serious problem can be defined as a sickness and disease. Anything that goes into the body that causes dis-ease is a disease. Anything that does not give you peace is a disease. Turn to Jesus and He will give you peace.

## **TYPES OF DISEASES**

### **1. Medical condition disease**

What report do you have on your medical card? How many times have you been going for review and medical check-ups; weekly, monthly or yearly? People are sick, and they are carrying with them different reports. Everywhere they go they carry with them their medical cards and medicines, epitomising 'mobile pharmacies'. You have lived with that condition but know that Jesus is going to heal you. Receive your healing in the name of Jesus. I am not going to tell you to stop taking your medication. Go back to the doctor who diagnosed you with the disease to prove your healing and he will be the one to wean you off your medication. Receive your healing in the name of Jesus. You have suffered for a long time. May God heal you today.

Medical sicknesses may be hereditary, and have been passing from one generation to the other, for example asthma, eye sight problem, diabetes, anaemia and high blood pressure. These diseases flow in a family system. Cry before the Lord and let your confession be 'Lord start with me and cut off this line of diseases'. You shall throw them away in Jesus' mighty name.

Jesus is the healer. You could be diagnosed with HIV/AIDS. You have hidden it, yet you are married and you take your medication in secret because no one knows about your status. Come out, Jesus is the healer and He will heal you today.

Some may have fear with regards to medical tests because of their backgrounds. People that you once fooled around with are all dead and you have so much fear within you. You must know your status. If it is positive, know that it is not the end of the world. Jesus is a healer. People have gone to the grave before their time because of fear. People have died thinking that they are sick, singing the song of 'woe to me because of my background'.

Fear is a disease. It can kill you. Come out from fear. Fear not to know your status. You will overcome your status. What are you fearing today? He is able to heal you and lift you up. He is the King of Glory.

## 2. Witches and wizards diseases

These are diseases that have been manufactured in the devils' laboratory and have been inflicted in the world. In this instance someone who is sick upon medical tests the doctors exclaim 'we have never seen this before' as it has confused and confounded them. These are diseases that have been planted by witches and wizards. You have been made to eat things through your dreams and now you have *inter alia* a pain that go away, or your hair is falling off yet you do not have cancer, or you have boils that come out on your body at a particular season, or you have spiritual problems, or rash on your body, or not being able to conceive as a result of your womb being blocked. These things are real. You need the blood of Jesus to protect you. As you surrender to Jesus today, He will deliver you. You have gone to witchdoctors in search of a solution but you found none. Come to Jesus.

People (in most cases aunties and grandparents) who are jealous of you profess 'we will see what will become of him/her. We will terminate and stop them' as they connive your demise. Pray at all times. Have the spirit of discernment. Families have been bewitched. The spirit of jealousy which is operating in the lives of those whose lives and their children are stagnant and because of your progress and success they have planted something in your life that needs to be broken. Jesus is the healer. Everything be broken in the name of Jesus! Stand in the gap for your children and your family. There are things that you are going through and you do not know the source. It is time to stand in the gap. Graduates with no jobs. Contracts have been signed and they need to be broken.

CONFESSION: Today heal my career, my children and my family. I declare success upon my children. My children shall go higher than me. My children shall own property. My children shall fly. My children shall have white weddings. Break every curse Lord for I know You are the healer. I receive my portion. Things are changing. My family's history is being re-written.

Let your children not go through what you went through. Parents stand in the gap and fight for your children. If it means fasting, do so. He is able to heal you, your condition, whatever the witches have planted, and break the curses.

## 3. Societal Diseases

The society is sick. There is no peace. People cannot walk around the neighbourhood after 6 in the evening. There are so many evils taking place. Satanism is on the increase. The government is pleading for help from the churches through the making

of Scripture Union in schools. Things are happening, and satanism is rampant. Our society is sick and crippled. The number of witches is increasing. JESUS HEAL OUR LAND. Suicide and murders are on the increase. HEAL OUR LAND JESUS. There is no peace in the homes. Gates, doors and windows are always closed because you do not know who is going to come from which direction. Passion killings used to be a taboo but they have now become the norm.

There are things that are happening that need us to be on our knees. You do not know what people are doing or chanting while walking around your home. Plead the blood of Jesus. There is no time to joke around. It may not be your son or your daughter who is involved or who is a victim but it requires you to stand in the gap. Only Jesus can heal and deliver our children, streets and societies.

#### **4. Serious human problem**

Who can redeem your life from the deep of a problem? You work hard but there is nothing to show. You have been crooked and cheated. You have tried everything, yet there is no progress in your life. Nothing counts for you. Everywhere you turn for a job you are turned away. You do not sleep. Problems can kill. Problems are a disease. Jesus says 'I will heal ALL your diseases'.

There are problems permitted by God to strengthen your faith. Then there are a different set of problems. Things are fighting you. How old are you today? Is there anything that you can show? Turn to Jesus. He will heal you today.

Backsliding is a disease. Today you are here, tomorrow you are there. Jeremiah 3:22. You live unconsciously. You cheat and steal without fear. Be truthful. Whatever it is that you do that is not holy day by day is a step backward.

#### **5. Suffered injustice**

You have people stepping on your toes, fighting and oppressing you. In this year of supernatural dominion and favour, let the favour of the Lord be upon you and every situation bow down.

#### **6. Financial diseases**

Your finances have crippled. You have nothing. Poverty is a disease. May the Lord prosper you today in the name of Jesus. Experience the grace of God.

#### **THE HEALING MINISTRY OF JESUS (EXAMPLES FROM THE BIBLE)**

1. The woman with the issue of blood (Mark 5:25-34). She had lost a lot of blood and all of her finances. She had lost everything but the day she came to Jesus she was healed, restored and made whole.

2. The epileptic boy (Luke 9:37-42). The father cried out to Jesus 'heal my son. He is the only son I have. A spirit is upon him. We have suffered'. Jesus healed him.
3. Son born blind (John 9). 'Was it the father, mother or himself that sinned?' was the question asked. Jesus answered saying 'neither, but he was born thus for my name to be glorified'.
4. Paralytic man who was lowered from the roof top (Luke 5:17-26). The same Jesus can heal you today.
5. Lazarus (John 11:1-44). Whatever the dead situation is upon your life, you are going to come out and live again. God is going to restore you and bless you.
